

K-12 School Solutions by Education Brands

Now is the time to engage and retain families with a technology partner you trust.

Your students will empower the future of their communities and make lasting impacts in greater society.

To ensure their success, you need a technology partner to improve the family experience, support your administrators and teachers, drive operational efficiencies, and connect your school community. A technology partner who can adapt and grow with you, offering ongoing support for your evolving needs.

“ I cannot imagine what life would be like without Ravenna and its automated tools and excellent customer support team.

Education Brands' K-12 School Solution Connect Your Entire School Community

Purpose-built Solutions to Drive School Success from Admissions to Fundraising

ATTRACT, ADMIT, AND ENROLL SEAMLESSLY

The **admissions and enrollment process** is your school's first chance to show prospective families your commitment to an excellent experience. Our solutions streamline the journey, providing clear steps and a user-friendly platform to guide families from inquiry to enrollment.

PROVIDE EQUITABLE OPPORTUNITIES

Your **financial aid program** is an essential tool in growing enrollment and securing financial stability. Our solutions ensure fair access through proven methods and fast verification.

SIMPLIFY SCHOOL OPERATIONS

Eliminate the hassle of juggling data across systems. Seamlessly synchronize information and access real-time updates with our user-friendly **student information systems**.

FOSTER A COLLABORATIVE ENVIRONMENT

Encourage engagement between school and home with our **school-branded communication tools**. Use integrated email, portals, websites, and apps to ensure families stay informed and connected to your community.

“ The flexibility of the suite has enabled us to select the solutions that best fit our needs, while also being able to enjoy the benefits of working with one partner.
